## Welcome To Ruwa Local Board

This Client Service Charter (CSC) is a commitment by us, Ruwa Local Board (RLB), to the citizens, residents, ratepayers and stakeholders that we will provide and facilitate for the provision of quality service that demonstrates value for money, and further, that should service standards be compromised, you, our residents, ratepayers and stakeholders have clear information on the route to follow to have this addressed. The Council therefore, by this document, makes a commitment that it will uphold your rights as a citizen, client and stakeholder, in accordance with the provisions of the Constitution of the Republic of Zimbabwe Amendment No:20 Act (2013) as well as Local Authorities Blue Print.

economy. It is with this important principle in mind that we developed this charter, and after consulting key stakeholders in the community, we finalized and adopted it as Council, with the full participation of your representatives.

The CSC lifts the veil from the face of our Council, in order to enable each and every client, citizen and stakeholder to get a clear picture of his or her own rights, priviledges and obligations, while at the same time ensuring that Councillors, management and Council staff all act with diligence and professionally; free of corruption and malpractice at all times.

With this CSC, we commit ourselves as Council to principles of fairness, honesty, integrity and humble service to the clients, citizens and stakeholders of Ruwa.

### Core values to service delivery

In delivering services to the citizens of Ruwa, the Boardwill be guided by the following principles:

### 1. Participation

Citizens will be motivated to participate in all council processes and programmes to the extent possible, and to provide feedback about the level and quality of the social services they receive. To this end, the Board commits to the establishment of effective consultations forums relevant to the service delivered and targeted client base.

### 2. Service standards

Citizens will participate in service level and quality of council services they will receive. Further, they will be expected to monitor and provide feedback on the delivery of these services. In developing the service standards, citizens, clients and stakeholders will jointly set the standards.

### 3. Access

All citizens will have equal access to the services to which they are entitled to pay for. To this end, all departments commit to the new arrangement to improve services as follows

- Operationalisation of a website that allows online access to information on services.
- General improvement and customer service at digital interface points

### 4. **Openness and Transparency**

Citizens will have access to information on how Council and its various department function, as well as the cost of the services provided. To this end, Council commits to openness and transparency to make easily available the information as follows:

- Submission and publishing of annual financial reports to the relevant stakeholders by the end of each financial year (available at our offices and our Website)
- Quarterly reports (April, July, October and January) to be shared with relevant stakeholders.
- 100% compliance with the information laws and making available contact details of relevant officials.

### 5. Redress

Dealing with complaints, if the promised standard of service is not delivered, citizens will be advised, a full explanation and a speedy and effective remedy. When complaints are made, citizens will receive a positive response. To this end, Council commits to deal with complaints as follows:

### Core values to service delivery

- Development and implementation of complaints register
- Training and empowerment of sta ffin handling complaints
- Resolving problems/complaints within stipulated time frames
- Complaints procedure to be available on various media platforms for wider access
- Front line teams to demonstrate that they have analysed and used complaints made to improve service delivery
- Compiling responses and disseminating information on most frequently asked questions (MFQs)

### 6. Value for money

Municipal social services will be provided economically and efficiently in order to give clients, stakeholders and citizens of Ruwa the best possible value for money. To this end, all the departments of Council commit to the new arrangements for ensuring value for money, as follows:

- Delivery of services according to approved plans and within the allocated budget to be reported in annual reports
- Identifying best practices and innovations related to cost saving mechanisms that will be included in quarterly and annual reports.

### 7. Encouraging innovation and rewarding excellence

Council will ensure that an enabling environment for the delivery of services is created, and further, it will enhance

the capacity of its personnel to deliver quality service. To this end, Council commits to the new arrangements for encouraging innovation and rewarding excellence. It will put in place mechanisms that

- Encourage innovation and creativity
- Facilitate the sharing of best practices
- Identify new ways of rewarding excellence
- Keep track of the number of documented contributions made (ideas, suggestions, innovations, proposals) by each employee and how many were implemented and the impact thereof and recognize and reward performance.

### 8. Leadership for service delivery

All the managers in the service delivery chain will provide direction, encourage motivate and engaged staff, create effective partnerships and demonstrate ethical and sound values. To this end, Council commits to the following new arrangements for leadership development for service delivery

- Developing mechanisms by which managers obtain feedback from subordinates, peers, superiors and clients/customers on their leadership style, conflict handling skills, motivation, decision making and interpersonal skills.
- Managers to have personal alignment and development plans in place at the beginning of each financial year in line with
